## One-Year PhD Fellowship (Seed Financing) on Microfinance and SME Finance in Europe

Posted on October 15, 2016  
Application Deadline on November 15, 2016

The Centre for European Research in Microfinance (CERMI) is a multilingual, international research centre based in Belgium ([www.cermi.eu](http://www.cermi.eu)). CERMI is offering a full time one-year research fellowship on microfinance and SME banking, at the Solvay Brussels School of Economics and Management (SBS-EM), ULB.

Created in 2007, CERMI draws together European researchers in microfinance. Currently, it gathers 9 doctoral students and 2 post-doctoral students working on social finance and a wide international network of more than 30 research associates.

The PhD student will work under the supervision of Profs. Kim Oosterlinck and Ariane Szafarz, Professor at SBS-EM. The fellow will be based in Brussels. The one-year seed-financing fellowship (around 1,875 EUR per month) will run from January 2017 to December 2017. If the first year proves fruitful, alternative funding opportunities will be considered in order to cover the costs to finish the PhD.

For more information, please contact:
